<ul style="list-style-type: none"> <li>• Workstations will need Internet connectivity to utilize online subscription services and access to Follett eBooks.</li> </ul>
<ul style="list-style-type: none"> <li>• Optional hardware devices (PHD Dolphin+™ 7200 scanners) utilize a local device driver.</li> </ul>
<ul style="list-style-type: none"> <li>• <b>Destiny Quest™:</b> Accessible to users of Destiny Library Manager, the Destiny Quest student search interface requires certain technical specifications for optimal operation. For more information, ask your sales executive for the Destiny Quest Workstation Specifications or find it on our website at <a href="http://www.FollettSoftware.com/page/system_requirements">www.FollettSoftware.com/page/system_requirements</a>.</li> </ul>

Server Software
<ul style="list-style-type: none"> <li>• Microsoft Windows Server 2003 Standard or Enterprise Edition SP2 or Windows XP Professional SP3.</li> <li>• Microsoft Windows Server 2008 Standard or Enterprise without Hyper-V.</li> <li>• Vista SP1 Business, Enterprise or Ultimate editions.</li> <li>• Destiny includes Microsoft SQL® Server 2005 Express Edition to manage the database.</li> </ul>
<ul style="list-style-type: none"> <li>• Destiny is packaged with an Apache project web server, and does not require IIS.</li> <li>• Apache or IIS can be configured to serve as a “front end” web server for Destiny, if desired.</li> </ul>
<ul style="list-style-type: none"> <li>• An Internet connection is needed to support software installation, access to Follett Software’s online MARC record database and other optional online services.</li> </ul>
<ul style="list-style-type: none"> <li>• Customer is responsible to provide nightly automated backup processing.</li> </ul>

Minimum Server Hardware*
<ul style="list-style-type: none"> <li>• Dual Core 2.4+ GHz, 4MB cache, 64-bit OS recommended, 2GB RAM, one 146GB RAID-1 or RAID-5 volume with a minimum of 2GB of available disk space on the system drive.</li> </ul>
<ul style="list-style-type: none"> <li>• It is highly recommended that Destiny be installed on a dedicated server computer, i.e., a computer without any other major applications on it.</li> </ul>

### \* Special Notes:

- “Minimum” refers to hardware requirements for satisfactory performance while running Destiny.
- To accommodate future growth, purchase the latest hardware you can afford.
- Because technical needs vary from school to school, your school’s needs may differ from the general specifications listed here. Follett will work with you to define the system requirements specific to the unique needs of your school. Please call 800-323-3397 for a custom consultation. Outside the US and Canada, please call 815-344-8700.

Specifications listed here apply to districts with one school. Specifications differ for schools in districts with more than one school. Please contact your Follett representative for more information on technical specifications for multi-school districts.
